Ministry Supports for Remote Learning

This document lists ministry-developed resources that support teaching in a remote learning context.

Webinar / Teleconference Registration (open access for all)

Register for live webinars and teleconferences on a variety of remote learning topics offered throughout the school year on
dcp.edu.gov.on.ca/en/webinar

Virtual Learning Environment (login required) 🔒

Access webinar recordings, classroom ready and self-guided learning modules in the "**Supports for Virtual Learning**" eCommunity on the VLE.

For instructions on how to access the VLE, please visit:
dcp.edu.gov.on.ca/en/webinar-vle

Remote Learning Requirements (open access for all)

Policy/Program Memorandum (PPM) 164 "Requirements for Remote Learning" is available at: edu.gov.on.ca/extra/eng/ppm/164.html

This memorandum provides direction to school boards on remote learning requirements, including implementation and reporting. This memorandum also identifies effective practices that school boards should develop to support students during remote learning.

Index of Virtual Teaching Supports

Webinars/Teleconferences (open access for all)

Webinars or teleconferences on the following topics are available for registration at dcp.edu.gov.on.ca/en/webinar. Topics include:

- Introduction to Remote Learning Resources available on the VLE "Supports for Learning" eCommunity
- Exploring Digital Tools and Strategies for Remote Learning
- Using the VLE to support Remote Learning

Additional topics will continue to be added. Educators can subscribe here to receive updates as new webinars or teleconferences become available.

Resources on the Ministry's Virtual Learning Environment (VLE) (login required)

Additional resources available in the **"Supports for Virtual Learning"** eCommunity are listed below. For instructions on how to access the VLE, go to: dcp.edu.gov.on.ca/en/webinar-vle
